Dear Susan and LCCMR Co-Chairs Persell, Gibson, and Tomassoni,

I would like to officially notify you of an upcoming conflict of interest that I have, concerning the proposal hearing of Project 042-B Morrison County Performance Drainage and Hydrology Management, scheduled for Wed. October 7 at 2:45 P.M. (I don't plan on attending that entire day, but still want this put in the official minutes) - I would like to recuse myself from that hearing, and any other actions concerning that project. If you need further information or justification kindly let me know, otherwise a confirmation of receipt of this e-mail would be greatly appreciated-

Thanks kindly, see you tomorrow- Dr. Bill Faber

Re: Avoidance of appearance of conflict of interest.

Projects

173-F Restoring the City of Champlain's Northern Gateway

134-D Invasive Carp Applied Research in Lake Nokomis sub watershed.

Dear LCCMR Chairs and Ms. Thornton:

I wanted to be put on record information relative to my current employment at WSB Associates, Inc. who was named in two LCCMR proposals 134-D and 173-F. Two years ago I sold my ownership interest in McGhie & Betts Environmental Services (38 employees) to WSB Associates, Inc. (350 employees). At the time of the sale I entered into an employment contract with WSB as a Senior Environmental Manager for the Environmental Natural Resources and Permitting Group in Rochester, MN. I have no stock or other ownership interest in WSB and I gain no financial benefit directly from any WSB projects.

**No Prohibited Conflict of Interests.**

For the two projects where WSB has been mentioned as possible consulting engineers WSB is not the project proposer. I have no direct, or indirect interest in the project proposers, the City of Champlain or the Minneapolis Park and Recreation Board, therefore, I do not believe I have a prohibiting conflict of interest in projects 134-D and 173-F.

**Conflict of Interest Managed Through Procedures:**

I am not an employee of the project proposers, nor would I gain any direct financial benefit if WSB were selected as a project consultant and I do not have any conflict in these regards. However, due to the possibility that WSB Associates, Inc. could be selected as a consultant by these project proposers it is remotely possible that I could be asked to provide consulting services to the project proposers. For this reason, however remote, I prefer to avoid any appearance of conflict of interest and therefore I will not advocate for, or against, nor vote on projects 134-D or 173-F.

Sincerely:

Jeffrey S. Broberg

RE: LCCMR Procedures -- Analysis of Conflict of Interest  
Regarding a Family Member

You have asked me whether the Procedures of the Legislative-Citizen Commission on Minnesota Resources (LCCMR Procedures) (as adopted September 23, 2008, and attached to this memo as you provided them to me) raise any concerns regarding a potential conflict of interest arising from your brother-in-law's employment with the Minnesota Department of Natural Resources (DNR). After reviewing the procedures and the information you have provided to me, I do not believe a conflict of interest exists.

Item C, section 7 of the LCCMR Procedures deals with conflicts of interest. Under the heading titled "Conflict of Interest to be Managed through Procedures" the LCCMR Procedures state "nevertheless, certain affiliations may constitute a conflict of interest that must be managed by the LCCMR. They include...having a family relationship with a proposer or a staff or board member of a proposing organization." The LCCMR Procedures then state that a conflict of interest must be identified before or during the initial proposal review process, and that a member who has declared a conflict of interest "may not advocate for or against the proposal or vote on the proposal."

The first step in evaluating this issue is to determine whether your brother-in-law can be considered a "family member" within the meaning of the LCCMR Procedures, which do not contain a definition of the term "family member". In the absence of a specific definition, the term should be given a reasonable construction and interpretation based on the common understanding of the term. With that in mind, I have reviewed selected Minnesota Statutes in search of a definition of the term "family member." There are several sections in statute that

define the term "immediate family member." One example is Minnesota Statutes, section 58A.02, subdivision 4, found in the chapter of law regulating Individual Mortgage Licensing. This subdivision defines "immediate family member" as follows:

**58A.02 DEFINITIONS.**

**Subd. 4. Immediate family member.**

"Immediate family member" means a spouse, child, sibling, a parent, grandparent, or grandchild. This includes stepparents, stepchildren, stepsiblings, and adoptive relationships.

Another example is Minnesota Statutes, section 181.947, which provides unpaid leave for immediate family members of military personnel injured or killed in active service. Minnesota Statutes, section 181.947, subdivision 1, paragraph (e), defines "immediate family member" to mean "a person's parent, child, grandparents, siblings, or spouse."

I did not find a statute that defines in-laws (whether siblings or parents related by marriage) as family members. As you can see, the two statutes I have cited in this memo do not contain a reference to in-laws, even though they provide a broad and inclusive definition of the term "immediate family member." These definitions in statute provide a strong basis to interpret the term "family member" as it used in the LCCMR Procedures not to include siblings related by marriage.

I do not believe the term "family member" as it is used in LCCMR Procedures includes a relationship to a sibling by marriage. For this reason alone, I believe the LCCMR Procedures do not require you to declare a conflict of interest with respect to any LCCMR project proposal involving your brother-in-law.
