MOTION: Commissioner Albrecht moved to approve the items under Recommendations to the Commission in the memo titled, “Subcommittee on Capital Projects Recommendations”, dated August 26, 2022:

- A. Resolution for Fiscal Agents - Expand the current requirement for non-state entities to submit a resolution or documentation of support for a project to also apply to fiscal agents.
- B. Operational Funding - Incorporate into the requirement for a resolution or documentation of support from nonstate entities that operational funding has also been committed.
- C. Construction Assurances - Evidence that a recipient of funding for a capital construction project has in place appropriate assurances from contractors, including but not limited to, fixed price contracts or performance bonds, that construction will be completed in a manner consistent with the approved work plan and design.
- D. Confirmation of Satisfactory Completion - Evidence that ENRTF-funded capital construction projects have been successfully inspected or approved by appropriate entities. Prior to receiving final payment, a recipient of money appropriated from the trust fund for a capital construction project must provide satisfactory evidence that all work requiring inspection by municipal or other governmental authorities having jurisdiction has been inspected and approved by the applicable authorities and that all required certificates of occupancy or similar approvals have been issued.

Existing requirements for recycling of construction and demolition waste are referenced in the LCCMR request for proposals (RFP). In addition, new or existing requirements adopted or identified during the capital project review process would also be referenced in the LCCMR request for proposals (RFP) to ensure that applicants are aware of requirements related to capital construction projects and that the commission receives sufficient information to assess capital construction projects during the proposal review, selection, and recommendation process.

Revisit and review capital project requirements in 4 years.

Effective date: These recommendations would be fully operationalized by the next RFP round.

- motion prevailed (12 Yes / 3 No / 2 Excused).
